We can guarantee that our carpets are manufactured to the highest standard of quality and design. It is possible to offer our customers many design options from our full range of patterns including the facility of being able to include your bespoke crest in the centre of the carpet as an additional extra.

The initial design stages shall take no more than a week to complete and manufacture of the carpet will take approximately six weeks from approval of the design CAD drawings that would be provided to our customer once a design has been agreed and selected.
